OBJECTIVE
Currently a second-year student at RIT looking for an internship where I can add value to a company and further my educational career by developing my skills as a computer programmer.

WORK EXPERIENCE
Five-week Senior Internship, Talent Partners, New York, NY *May – June 2014*
    Worked with the IT Department
John Munsinger Carpentry LLC, Armonk, NY *May 2015 - present*
    Construction Assistant in summer and on school breaks

EDUCATION
Rochester Institute of Technology (RIT) *September 2014 – present*
    Computer Science Major, expected graduation 2019 (5-year co-op program)
Pleasantville High School, Pleasantville, NY *Graduated June 2014*
Mercy College, Dobbs Ferry, NY, CS II Class *September-December 2013*

TECHNICAL SKILLS
Programming Languages:
Java, C, C++, Objective C, Python, HTML, CSS, SQL

Database Experience:
Studied database management and worked in a team to develop a database in PostgreSQL. Proficient in SQL and constructing E-R Diagrams and Technical Documents. Recognized as team leader in five-person group.

EXTRACURRICULARS
- Active member of SPARSA (Security Practices and Research Student Association) at RIT
- Helped administer the ISTS event (Information Security Talent Search) run by SPARSA in the Spring
    - Responsible for a Networking sub-team
- Participated in HackBU 2016 Hackathon
    - Programmed using the Muse headband API
- Member of the RIT Sailing Team and RIT Outing Club

LEADERSHIP EXPERIENCE
- Founded the Media Club (~20 active members) and Minecraft Club (~15 active members) in high school
- Counselor at Hillside Church's Vacation Bible School for six summers

COMMUNITY SERVICE
- Participated in community service in Washington DC, Virginia, West Virginia, Pennsylvania, and Puerto Rico -- worked on various construction projects for impoverished families in the area.
